Headquarters of Spanish "Reds"  
Found in Barcelona.

Arrests in Paris—Threats of Dynamite Outrages in France.

Evidence that the Rescue of Pallas  
Was to Have Been Attempted.

(By Associated Press.)  
BARCELONA, Nov. 22.—Another sensation has been caused here by the discovery of a nest of Anarchists at 29 Ronda San Pablo, this city.

It now appears that this has been the place where the chief Anarchist Club of Spain met, and from whence its chiefs directed the policy of the many other Anarchist clubs in the kingdom.

The police arrested Miguel Nacher, President of the Spanish Anarchists, and two women, who are said to have acted for the Anarchists in conveying messages to and from points outside the city.

The police also obtained possession of a large quantity of materials and chemicals used in the manufacture of dynamite bombs, as well as a quantity of loaded and unloaded bombs, a large number of pistols and a mass of Anarchist literature.

Documents were seized which, it is believed, will enable the police to cause many other Anarchist branches in Spain, France and Italy, and in other foreign countries, to be raided.

During the day, owing to information obtained at the Ronda San Pablo headquarters, the police also raided the house of the wife of an Anarchist known as Pablo Bernat, situated in the vicinity of the Castle of Mont Juich, in front of which fortification Pallas, the Anarchist, was recently shot to death for his attempt to kill Gen. Martinez Campos.

The documents discovered in the house show that for some days previous to Pallas's execution, a number of Anarchists, supplied with bombs, were housed in the residence of Bernat, evidently intending to use the bombs among the troops, hoping to cause a terrible panic, during which Pallas was to have been assisted to escape.

PARIS, Nov. 22.—The police of St. Etienne have raided a number of houses where French and foreign Anarchists were supposed to be in hiding, and have seized an Anarchist manifesto, which is said to have been distributed in many parts of France, and may have been mailed to foreign countries, denouncing the dynamite outrages at Barcelona and at Marseilles.

It also predicts that other and similar outrages would soon be perpetrated in France. Several arrests have been made. The dynamite outrages at Barcelona and at Marseilles.

Suit Against "Squire" Abington's Estate for \$75,000.

(By Associated Press.)  
LONDON, Nov. 22.—The Morning says that a well known follower of the turf has begun suit against the estate of

"Squire" Abington Baird for \$75,000, being the balance unpaid of a consideration of \$125,000, which, it is alleged, Baird promised to pay the plaintiff for quietly recovering bank notes to the amount of \$50,000, said to have been stolen from Baird by a woman.

PROPOSED AFRICAN RAILWAY.

United States and England May Protest Against It.

(By Associated Press.)  
LONDON, Nov. 22.—A Lisbon despatch to The Times says that to reduce the value of the Delagoa Bay Railroad in the eyes of the arbitrators it is proposed to build a railway from the mouth of the Limpopo River parallel with the Delagoa Bay Railroad and at a distance of one hundred kilometers from it towards the River Sabi, from which it will run in a southeasterly direction along the Transvaal frontier to Komati Port.

Should the project be put into execution and infringe the former concessions, it is said that the United States and the English governments have resolved to protest.

## Catarrh in the Head

Nine Years of Suffering Ended by Hood's.

"St. Louis, Mo., May 24, 1893.  
"C. I. Hood & Co., Lowell, Mass.  
"I cannot speak too highly of the value of Hood's Sarsaparilla. I have been a sufferer from that dreaded disease, catarrh. For the past nine years my head and nasal passages have been clogged up, and in consequence I was unable to breathe through my nose. My breath became very bad and offensive. I tried almost everything in search of a cure. Powders and medicines were useless and I was discouraged. I had read considerable about the good being done by Hood's Sarsaparilla and decided to give it a trial. I had not taken more than one bottle before I began to feel benefit and after taking two bottles my expectations were realized. It is a great blessing to me. I feel like a new man. I can now breathe through my nose with ease and have realized the benefit from the medicine throughout my system. A. H. Smith, Lowell, Mass."

MORE FLOODS IN JAPAN.

Hundreds of Lives Lost—Chinese Pirates Active.

(By Associated Press.)  
VANCOUVER, B. C., Nov. 22.—The steamer Empress of China, from Yokohama, brings news that floods have devastated the harbor of Nagasaki and have done considerable damage as far as Yokohama and Tokio.

In Okayama Prefecture, 167 lives were lost and 2,400 houses destroyed. In Yamaguchi Prefecture 230 fishermen were drowned.

The Chinese pirates are very active. During the last month they seized eleven junks. The authorities are powerless against them.

Roeth was Drunk, Not Insane.

Delmonico's Crank Will Be Tried for Malicious Mischief.

Warden James W. Ledwith, of Jefferson Market Prison, officially notified Justice Hogan in Jefferson Market Police Court this morning that George Roeth, the alleged crank, who created a panic in Delmonico's Broadway restaurant a few nights ago by firing bullets through the windows and into the walls and ceiling, was not insane, and that he would be returned to the custody of the Court to-day.

Roeth was examined as to his sanity by Drs. Field and Douglas, and found to be merely suffering from delirium tremens.

He will be arraigned either this afternoon or to-morrow morning to answer a charge of malicious mischief.

## WON'T BOUNCE MR. THURSTON

Administration Not to Consider His Reply to Blount Official.

License to the Hawaiian Minister on Grounds of "Fair Play."

(By Associated Press.)

WASHINGTON, Nov. 22.—Minister Thurston, of Hawaii, is not likely to receive his passports, although it was said at the State Department this morning that there was abundant ground for such action.

Were it in any other country or in this country under any other circumstances, his passports would be issued immediately.

It is claimed that his published letter referring to the Blount report is a breach of diplomacy and amply sufficient to warrant this Government in immediately severing all relations with the Hawaiian Minister.

Such action would be taken but for the reason that the American people might not think it was fair play. The right of any man to talk and give his side of a controversy is always conceded, and to force Mr. Thurston to leave this country would be considered by some people a disposition not to allow the other side a hearing.

The Department chooses to consider a publication as a statement by Mr. Thurston, a party vitally interested in the outcome of the Hawaiian affair, and not an official statement of the Hawaiian Minister.

Mr. Thurston's reply to Mr. Blount, published this morning, is founded on the published extracts of the Blount report, and is simply a direct personal denial of the testimony that the United States marines were depended upon to insure the success of the Hawaiian revolution.

Mr. Thurston criticizes Mr. Blount's method of inquiry as one-sided, and refers to himself as one deeply interested party on the side of the Provisional Government, who was not asked for information.

CLERK HAD NO LICENSE.

He Put Up a Prescription and Druggist O'Connor Was Arrested.

John O'Connor, manager of a drug-store at 581 Ninth avenue, was held in \$500 bail for trial in Jefferson Market Court this morning on a charge of permitting an unlicensed clerk to compound prescriptions.

The complainant was Dr. Ernest J. Lederle, of the Board of Health staff. Dr. Lederle alleges that Nov. 4 he called at the store and asked the clerk to compound a prescription for him, and that the clerk, who is not a licensed pharmacist, took the prescription and filled it.

Mr. O'Connor denies that he had authorized the clerk to put up prescriptions.

ANNIE WALDEN'S CASE.  
Gov. Flower Asks Mr. Nicoll to Make an Investigation.

District Attorney Nicoll this morning received a telegram from Gov. Flower asking that an immediate investigation be made and an official report sent to him in the case of Annie Walden, who is serving a life sentence in State prison for the murder of her husband.

Rev. Bradford Hamilton, who has charge of the charity organizations on Blackwell's Island, has been making a strong effort to have the woman's sentence shortened or an absolute pardon granted.

At the time of her conviction, April 28, 1892, Annie was twenty-three years old. She was found guilty of murder in the second degree before Judge Ingraham, in the Court of Oyer and Terminer.

In October, 1891, she had a quarrel with her husband, Jimmy Walden, the son of Jeter Walden, the well-known turfman in front of the Metropolitan Opera-House, during which she shot and killed him. It was said that she was jealous of him.

Annie has been in the hospital ward of the prison almost constantly since the beginning of her sentence.

WILL LOOK FOR TREACHERY.  
Republican Investigating Committee Begins Work To-morrow.

The Committee on Investigation of the Republican County Committee will begin its work to-morrow. Chairman S. V. R. Cruger said to-day that the first meeting would be held to-morrow afternoon. He would not say where, but it will probably be at his office in the Trinity Corporation building, corner Fulton and Church streets.

The sessions of the Committee will be behind closed doors.

"I do not believe in washing dirty linen in public," Col. Cruger explained, "but if any accused leader or other person has anything to say to the Committee he will be heard."

The election returns furnish the strongest evidence of the treachery of certain leaders, and from the fact that the returns are not the leaders will be examined, it is argued that the Committee will take the figures for facts.

No Appointments by Kilbreth.
